

CP-900

DESCRIPTION:

CP-900 is a heavy-duty, low/non-foaming, liquid alkaline cleaner designed for use in food processing industries where CIP or cage washing with caustic cleaners is performed. **CP-900** is especially effective in cleaning smoke houses and other equipment with tough greases, burned-on soils, and anywhere heavy organic deposits are found. Organic residues such as grease, fats, blood, and tissues are quickly emulsified and rinsed free from surfaces. Ideal for CIP cleaning where foaming is not tolerated. **CP-900** contains added detergent and water conditioning factors to produce a truly outstanding cleaner. **CP-900** rinses very quickly, easily, and completely and will not freeze to -25°F .

PROPERTIES / ADVANTAGES

- SAFETY! **CP-900** can be added directly to hot water without the dangerous boil-back or spattering caused by granular cleaners.
- Environmentally friendly—contains no phosphates, silicates, or heavy metals. Completely biodegradable detergent system.
- Foam—None to very little.
- Rinsing—VERY quick, easy, and complete. Leaves no white caustic films or residues. Top performance with minimum sludge or scale even in hard water situations.
- Solubility—Rapid and complete
- Emulsifying power—rapid and complete
- Contains no animal fat derivatives.
- HIGHLY concentrated—economical to use.
- Will not freeze to -25°F . Easy to store.

HOW TO USE

BOIL OUT: Use 1-5% by volume for boil out operations. Use higher concentrations for low-boil / carbon removal.

CIP / Smokehouse: Use 1/4—3% by volume at ambient to 180°F . Circulate for 30-45 minutes.

*Your local representative will assist you in determining the most effective and economical operating conditions for your particular system and requirements.

SAFETY

CP-900 contains potassium hydroxide. PLEASE use ALL appropriate safety gear and PPE when handling and working with this product. PLEASE thoroughly read MSDS prior to use. Rubber gloves, boots, apron, and face shield are recommended. A respirator may be needed in enclosed areas. Avoid contact with eyes, skin, or mucous membranes.

CONTAINERS

Available in drums, totes, and bulk. Special packaging upon request.
