

RELEASE

Concentrated Cleaning Additive

DESCRIPTION RELEASE is a liquid surfactant formulated to reduce surface tension, improve soil penetration, and control mineral deposits in wash solutions.

DIRECTIONS RELEASE is a concentrated cleaning additive for use with caustic cleaners. After cleaning rinse with potable water. Sanitize as required.

Procedure: Soak, circulation, spray, boil out. After cleaning, post rinse with potable water. Sanitize as required.

Concentration: For high-temperature food processing equipment, use 1 to 2 oz. per 10 gallons of cleaning solution depending on water hardness and soil type. Consult your sales representative for specific use recommendations.

Temperature: 90° to 220°F.

SAFETY INFORMATION **UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER MSDS. HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.**

IF ON SKIN: In case of contact, immediately flush skin with plenty of water. **Get medical attention if irritation persists.**

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. **Get medical attention/advice if irritation persists.**

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. **Get medical attention.**

Consult your Material Safety Data Sheet for additional safety information.
