

CAUSTIC FOAM

Concentrated, Premium, High-Foam, Built Alkaline Detergent

This product does not contain chlorine and is designed for challenging foam and manual cleaning applications where high foam characteristics are desirable.

CAUSTIC FOAM is strong enough to handle the most difficult soils and cleaning applications. This product is free-rinsing with high-pressure or normal pressure water. Chlorine can be added to this product to create a chlorinated foaming alkaline cleaner.

Physical Properties (Typical)

Appearance	Colorless Liquid
Odor	Mild
Density	9.7 pounds/gallon
Specific Gravity	1.17
pH (as is)	>13

CAUSTIC FOAM is designed for use in foaming equipment including wall mounted and portable units.

Directions for Use

- For foaming in heavy soil conditions, use 1 to 2 oz. of product per gallon of hot water.

CAUSTIC FOAM does not contain any nonylphenol ethoxylates (NPEs). It is better for the environment and is subject to fewer regulatory restrictions than similar NPE-containing products.

CAUSTIC FOAM will work in hard or soft water. Minor adjustments of the air pressure can result in large changes to the foam characteristics.
